Feminine Archetype Test Results

After answering all 8 questions, count how many times you chose each letter. The letter you chose most often reveals your dominant archetype. If you have a tie, you are carrying a blend of archetypes. Both energies are active in your life right now — read both results and notice which description resonates most deeply in your body. You contain all archetypes. This quiz simply highlights the one currently leading your inner landscape.

A- Maiden

You are standing at the edge of becoming. The Maiden lives in your curiosity, your longing, your sense that life is still unfolding in front of you. You feel pulled toward possibility — new paths, new identities, new experiences. Even when you doubt yourself, there is a hopeful part of you that refuses to give up on magic. You are learning who you are in real time, through experimentation, desire, and small acts of courage.

B- Mother

The Mother lives in your instinct to hold, protect, and nurture. You are deeply attuned to emotional undercurrents. People feel safe with you. You carry a natural ability to care, soothe, and create belonging. You often sense what others need before they say it. Your heart is vast, and your presence is grounding.

C- Lover

The Lover lives in your sensuality, your longing for connection, your hunger to feel deeply alive. You experience the world through emotion, beauty, touch, and desire. You are magnetic when you are expressed. Passion, intimacy, and creativity are essential nutrients for your spirit.

D- Queen

The Queen lives in your sovereignty. You carry natural authority, vision, and self-respect. You value independence and clarity. You are drawn to leadership — not necessarily over others, but over your own life. When you speak, people listen. You know you are meant for a life that reflects your standards.
